

Whole School Curriculum

Our curriculum Intent	<p><i>At St Philip's Catholic Primary School, we understand the importance of a well-rounded, fulfilling curriculum to prepare our pupils for the next stage of education, and for their future as citizens of the UK. We have high expectations for all of the children at St Philip's to achieve well, demonstrate fluency with basic skills and to experience support and appropriate challenge through all stages the primary curriculum. Through careful sequencing and ongoing retrieval practise, we ensure that skills are built upon and applied with accuracy. Our curriculum is rooted in the Values and Virtues of the Catholic faith.</i></p> <p>The aim at St Philip's Catholic Primary School is to provide opportunities for children to develop as independent, confident, successful learners with high aspirations who know how to make a positive contribution to their community and the wider society. As a thriving Catholic School, our Catholic ethos is at the core of our curriculum. We ensure that all of our pupils respect each other and have respect for people of all faiths, race and gender. Everyone has the right to be treated with respect and dignity and our school has a focus on developing children's moral, spiritual, social and cultural understanding. St Philip's Catholic Primary School ensures that children are well prepared for life in modern Britain.</p>
